

Purus Triple Hand Piece Lubricating Device for Dental

Purus recognizes the importance to dentists of quality, reliability, and value for money.

Our range of triple hand piece lubricating devices for dental professionals and staff brings quality product, modern design and the reassurance of warranty protection and service support.

This means that your practice is ensured of a total instrument lubricating system which you and your patients deserve.

Triple Hand Piece Lubricating Device

Designed to clean and lubricate the handpiece, 3 handpieces can be cleaned and lubricated at the same time.

The swing pinion can clean and lubricate the handpiece efficiently in different angles

Pressing the Air Button clears the remainder of the oil after cleaning and lubrication.

You can fill the oil in different mode, such as short, medium and long mode.

The oil mist filter cotton prevents the spread of oil mist.
