

Purus Ultrasonic Cleaner 10 litre for Dental

Purus recognizes the importance to dentists of quality, reliability, and value for money.

Our range of ultrasonic cleaners for dental professionals and staff brings quality product, modern design and the reassurance of warranty protection and service support.

This means that your practice is ensured of a total instrument purification system and the highest quality of sterilization standards which you and your patients deserve.

Ultrasonic Cleaner 10 litre

- Produces ultrasonic frequency electrical signal through the ultrasonic generator, then transforms into the mechanical vibrations of the same frequency by transducer's piezoelectricity inversion effect,
- Produces thousands of small bubbles circle "blasting" to clean items.
- Penetrates surfaces, cracks, small holes of items to get rid of dirt rapidly,
- Ensures total instrument purification.
- Cleans the surface of deep hole, blind hole, convex.
- High efficiency and high precision.
- Made of stainless steel
- Water level automatic alarm system.
- 10 litre capacity
- Ultrasonic Power 120W
- Variable Time Setting 1 – 99 minutes
- Temperature Range 20°C - 80°C

Ultrasonic Cleaner 10 litre
