

Vista Scan Mini View for Dental

Purus recognizes the importance to dentists of quality, reliability, and value for money.

Our range of intraoral x-rays for dentists brings easy-to-use functionality, contemporary styling, technical quality, and the reassurance of warranty protection and service support.

This means that your practice can ensure the highest quality of imaging which you and your patients deserve.

Vista Scan Mini View for Dental

The image plate scanner with a touchscreen for intraoral formats

VistaScan Mini View image plate scanner enables the intuitive, efficient, and time-saving digitization of image plates. Amongst other things, its large touchscreen with its easy-to-use user interface contributes to this. Its compact size and integrated wireless functions make the device really flexible.

Features:

- High-resolution touchscreen
- Top imaging quality
- Scan Manager for optimum workflow
- For all intraoral formats
- Reliability thanks to internal memory
- PC connection via WLAN/LAN
- Standalone mode possible
