

Vista Intra DC for Dental

Purus recognizes the importance to dentists of quality, reliability, and value for money.

Our range of intraoral x-rays for dentists brings easy-to-use functionality, contemporary styling, technical quality, and the reassurance of warranty protection and service support.

This means that your practice can ensure the highest quality of imaging which you and your patients deserve.

VistaIntra DC for Dental

Systematic X-ray solution – perfect in function and design.

VistaIntra DC impresses with its exemplary ergonomic design.

Dürr Dental offers you a complete system from a single provider which assures you the best image results thanks to optimally matched system components.

Patient receives the lowest dose of radiation possible to achieve the highest quality of imaging.

This is what really matters:

- Modern, slim design for easy, precise positioning
- Easy operation concept
- Perfectly matched to image plates and sensors
- Highly reliable and long service life for X-ray tubes
- Constant radiation
- mA and kV levels are adjustable
- DC generator with 0.4 mm focal spot
- DAP (dose area product) after exposure

VistaIntra for Dental
